Quiz: From the word list, choose the correct answer to each of these questions:

1. The path a planet makes around the Sun	
2. Man made are used for telecome	munications
3. The imaginary point in the sky directly above you	
4 . The moon when at its greatest distance from moon	is at its
5. Anything to do with The Moon	
6. The Earth's natural Satellite	
7. One effect of The Moon's gravity acting on The Earth	า
8. A piece of space debris that collides with The Earth	
9. The largest planet in the Solar System	
10 Our closest Star	

Solutions

1	. Т	he	path	a p	lanet	makes	around	the Sun
---	-----	----	------	-----	-------	-------	--------	---------

- **2.** Man made _ _ _ _ are used for telecommunications
- **3.** The imaginary point in the sky directly above you
- **4.** The moon when at its greatest distance from moon is at its _ _ _ _ _
- **5.** Anything to do with The Moon
- 6. The Earth's natural Satellite
- **7**. One effect of The Moon's gravity acting on The Earth
- 8. A piece of space debris that collides with The Earth
- **9**. The largest planet in the Solar System
- 10. Our closest Star
